

## Attendance Policy

Attendance is taken each week. If a member has more than three (3) absences, he/she will need to be tested (at the discretion of the Director) to be sure they are adequately learning the music. Anyone who arrives later than the end of warm-ups (approximately 7:10-7:15) will be considered tardy. Three (3) tardies equal an absence. Leaving early will be noted as well. Attendance during production week is critical and certain nights are a must (communicate with the Director regarding any issues). Any absence or planned incomplete attendance must be communicated to your section leader. Attendance history is taken into account when assigning solo opportunities.
